

## Here is a typical day at La Petite Ecole

**At 9.30 am:** you will start your 2h30 minutes class under the shaded terrace of La Petite Maison. The curriculum varies according to your level and your wishes.

La Petite Ecole curriculum respects the C.E.F.R (Common European Framework of Reference) in order to evaluate your progress in your learning cursus.

Whether you are A1, A2, B1, B2, C1 or C2, our tuition will be tailored to your needs.

**From 12 pm to 2.30 pm:** déjeuner with Vincent.

**At 2.30 pm:** you will start your Afternoon Immersion. The Afternoon Immersion is about exploring and understanding the different aspects of Provence thanks to organised activities.

Here are some examples:

Mingle with the locals and merchants in markets. Visit museums and historic sites. Look for truffles, the Provençal black gold. Trek on the paths of the breathtaking Gorges du Verdon. Climb the stairs to reach the little church of the Moustiers Sainte-Marie village. Swim in the turquoise water of the Sainte-Croix Lake. Wine and cheese tasting in the land of rosé. Many more activities await you.

**At 6.30 pm:** you will return to La Petite Maison where you can relax on the terrace and enjoy the cool air of the evening. For your spare time during the stay, your teacher will be happy to provide recommendations on events/places of interest. There is always a night market to explore, a concert to enjoy, a restaurant to try. Your teacher who is also a true gourmand will advise you on where to discover the taste of local French cuisine.

Kindly be advised that our schedule is subject to change in response to weather conditions. For instance, in the event of exceptionally hot weather, we may adjust our itinerary to commence our afternoon experience later in the day and conclude in the evening.
